AHS Organization

FROM: Pam Whitnack, Executive Vice-President, Rural, Public and Community Health

RE: Announcement of Vice President of Senior's Health

Over the last few months, Rural, Public and Community Health has embarked on a path to recruit a permanent Vice President of Senior's Health. As the VP role is key to leading the work being done by the portfolio, within the AHS organization and with external partners and stakeholders.

On behalf of portfolio, I would like to welcome David O'Brien to his new role of Vice President of Senior's Health. Dave comes to us from his current role as Vice President of Strategic Contracting with CPSM.

Dave's experience in the former Calgary Health Region in Support Services/IT Services and Contracting will provide strong business acumen for his new role. With the remarkable depth in clinical expertise already in the Senior's Health portfolio, I feel that this blend of skill sets will provide for a good direction for Senior's Health in the next year and onward.

I would also like to take this opportunity to express my sincerest thanks to Karen Gayman for her exceptional work during this time. Her dedication to the work and to the Senior's Health team is very commendable and appreciated. Karen will continue with the Senior's team.

We will extend our best wishes to Donna Stelmachovich who is on an extended medical leave and thank her as well for the outstanding work completed under her tenure.

I'm very excited to have Dave be part of our team, please join me in welcoming Dave him to his new role. He will begin on October 4, 2010 and he will be based in Calgary.

Pam Whitnack
EVP, Rural, Public and Community Health
