Continuing Care Business Model and Funding Steering Committee June 18, 2018

The CCBMFSC met on June 18th. Alberta Health Services provided an update on the status of Patient Based Funding (PBCF) in DSL. They will be implementing Phase I transitioning 35 sites from legacy funding to PBCF with 100% occupancy and 100% CMI, this fiscal year. AHS advised letters have been sent to the operators of the 35 sites. Remaining sites (appx 135) will be transitioned in future years as budget allows.

Recoveries

There will be no recoveries for 2016-17. AHS is still reviewing the data for 2017-18 and are operating on the assumption that they will be pursuing recoveries for 2017-18.

The Continuing Care Business Model and Funding Working Group provided an overview of the work they are undertaking which includes the impact of Bill 17 and Sector Equity sub-group.
